VOL. VII

NO. 320

## SETTLEMENT OF STRIKE

### At Douglas Made Yesterday With Superintendent Simmons

### MEN EXTEND THANKS For Courteous Treatment and Return to Work--Changes to Be Made

Douglas, Ariz., May 24.—(Special.)—The trouble which arose yesterday at the railroad car shops in this city was satisfactorily adjusted this morning at a conference held by a committee of the workmen, General Manager Simmons and Master Mechanic Paxton.

Mr. Simmons arrived this morning in his private car and found the committee awaiting him at the depot. The general manager went directly from his car to the office of Master Mechanic Paxton and after some time spent in getting a line on the exact situation the committee was received and the conference lasted until ten o'clock.

After the committee withdrew a representative of the International-American called to see Mr. Simmons who was found to be in splendid humor because of the result of the conference with the dissatisfied men. He stated that the trouble had arisen more from a misunderstanding than anything else and that these misunderstandings had been satisfactorily adjusted and the men were returning to their old places in the shop.

This result of the trouble at the car shops was received with expressions of extreme gratification throughout the city. It was predicted yesterday that the trouble would probably be adjusted today. As a result of the settlement there will be some changes at the shops which had been contemplated heretofore by the company and which will be more satisfactory to the men employed there.

The committee representing the men employed in the car shops, after the satisfactory adjustment of the trouble, handed the following to the International-American for publication:

We, the committee representing the car department, submit the following statements for publication: That all differences have been satisfactorily adjusted and that we extend our sincere appreciation and thanks to Mr. Simmons for his prompt and just treatment in adjusting our differences, also to the public for the sympathies extended by them.

CALBOLD HOLDEN,  
B. C. SMITH,  
J. D. WHITSITT,  
W. J. SPAULDING,  
J. BOWLER.

Brought From Tucson.—Mr. Fitzsimmons was brought to his home at Douglas yesterday from Tucson, where he was taken seriously ill last week. His condition is now improving, though he is yet far from well.

## WILLIAM ZIEGLER IS DEAD

### HE WAS PROMINENT CAPITALIST AND PROMOTED ARCTIC EXPLORATION.

Douglas, Ariz., May 24.—(Special.)—New York, May 24.—Wm. Ziegler, a prominent capitalist and promoter of arctic exploration, died this morning at his country home near Norton, Conn. He was unconscious all last night.

Mr. Ziegler had been an invalid since a run away accident in which he was injured last October. He was born in 1843 and made a fortune in the baking powder business.

### UNITED VERDE RESUMES.

#### Miners Returned to Work Last Night. Furnaces Blown in.

(Special to Review.)  
Jerome, Ariz., May 24.—Today all of the employees of the United Verde Copper Co. have been ordered to return to work tonight.

Twenty-four hours after the cave-in occurred it was found that the mine was in better condition as to fire than it had been in some years.

Within seven days it is now expected that the works will be in normal condition. The furnaces are now being blown in and early resumption is expected.

First reports of the cave-in were much exaggerated. In the first hours the calamity seemed much greater than later investigation found it to be.

Funeral Occurs Today.—The funeral of William Whitford will occur this afternoon at 2 o'clock from the Hubbard Undertaking parlors. Rev. Harvey M. Shields will conduct the services.

## HONEST MAN SUFFERS By Reason of Frauds Practiced in Goldfield Bank.

Los Angeles, Cal., May 24.—F. E. Davis, of this city, who owned a majority of the stock in the wrecked bank at Goldfield, Nev., said today that depositors would not lose a cent of their money.

He explained his connection with the bank by saying he invested in the bank stock and accepted the position of a director, believing in the future of Goldfield and trusting implicitly in the honor of President Young and Cashier Burton. He did not know Burton. Mr. Davis, who is a well known lawyer, has lived here for four years. He will lose about \$20,000 by the failure.

### ANOTHER BANK FAILS.

#### President of Canton Concern Got in Too Deep.

Canton, O., May 24.—The Canton State Bank, with individual deposits of more than \$600,000, closed its doors today. The directors state that the bank will not be able to resume business. The failure was brought about by heavy loans to W. L. Davis, vice-president.

## OPEN SWITCH HURLS Passenger Train Into Freight Cars--Fatalities Attend

Hutchinson, Kan., May 24.—Santa Fe train No. 588 collided with a string of freight cars here late this afternoon, on account of an open switch.

C. D. Wolff, of Kansas City, mail clerk, received injuries from which he died in the hospital here tonight. Engineer John Snyder and Fireman A. C. Vaughn jumped and received injuries which are probably fatal. Five others were slightly hurt.

## SELLING OF REAL ESTATE

### MERCHANTS SALOON BUILDING AND SEVERAL G AVENUE LOTS CHANGE HANDS.

Yesterday afternoon H. E. Dugan closed a deal selling the building adjoining the postoffice, which belongs to Judge William Neville to Frank M. Watts, of the Sonora Land company, for \$8,000. Mr. Neville immediately after the sale bought the two adjoining lots for \$4,000 and will commence work shortly on another building.

Mr. Watts intends to build an addition onto the building he has just bought and which is occupied by the Merchants saloon, extending it back seventy-five feet to the alley. The two lots on the corner of Eighth and G, next to the two bought by Judge Neville, have been leased by W. F. Nihart, who will erect a building on them shortly.

These deals were all closed by H. E. Dugan, the hustling real estate man, and meant a big day's business for him.

It is a good thing for the town to get such substantial business men as Mr. Watts interested in Douglas real estate and shows that men of means consider realty here a good investment.

## COL. R. E. CAMPBELL DEAD

### ONE OF THE PROMINENT MEN OF TEXAS SUCCEUMS TO APPOPLEXY.

He Was a Civil War Veteran and Has Been Many Times Honored With Responsible Offices and Was Once Mayor of El Paso.

El Paso, Texas, May 24.—Col. R. E. Campbell, one of the best known men in the southwest, died suddenly in this city this morning, the cause of death being a stroke of apoplexy.

Col. Campbell was a civil war veteran and has been one of the prominent men of the state of Texas for the last quarter of a century. Several years ago he was mayor of this city and afterwards was postmaster here. For a number of years he held the office of collector of internal revenue for the government with headquarters at Austin, the capital of the state.

### "FRIEND OF POOR" DIES.

#### Career of Padre Sanchez, of Taos, Comes to an End.

Santa Fe, N. M., May 24.—Padre Sanchez, who served six terms in the New Mexico legislature and was speaker of the house and president of the council, is dead at Taos.

In the Civil war on the Union side, for bravery at Valverde, he was breveted a major. He was census supervisor for New Mexico in 1890 and 1900; later agent for the Jicarillo and Pueblo Indians, and served three terms as probate judge of Taos county.

He earned the cognomen of "Friend of the Poor" by adopting, raising and educating twenty-five orphans.

## KIBBEY WILL APPOINT

### Bisbee's Next Postmaster, so Announced at Washington

### 2 APPLICATIONS ON File for the Office--No Steps Have Been Taken With Reference to Either

(Special to Review.)

Washington, May 24.—The postoffice department has as yet taken no direct action, if any whatsoever, in the matter of appointment of a postmaster for the city of Bisbee, to succeed Postmaster McCabe upon the date of his retirement named in the resignation which he several weeks ago forwarded to this city.

To this time the only applications for appointment to the approaching vacancy that have been filed here are from M. E. Cassidy and Louis Hunt. Both these candidates have filed with their applications lengthy petitions of much strength. Among the signatures on each are those of men whose names are well known in national as well as territorial politics. Besides these are the names of numerous citizens prominent in the territory and those of hundreds who are less widely known.

It can be stated that regardless of these signatures and the great weight they may bear, the postoffice department will finally act upon the recommendation of one man. That man is Governor Kibbey, of Arizona. The petitions will have weight there, and there only. The man with the endorsement of the governor will secure the appointment. It is an open secret here that whatever the governor may recommend regarding the patronage of Arizona will stand. His appointment was made with that understanding. At the postoffice department here it is said that Governor Kibbey has not yet been heard from regarding the Bisbee postoffice appointment.

## NAVAL BATTLE REPORTED

### Manila, May 25.—There is an unconfirmed rumor here that the Russian and Japanese fleets have met South of Formosa and that the Japanese were defeated.

St. Petersburg, May 24.—The authorities here have no confirmation of the report telegraphed from Tokyo to the London Daily News of last night to the effect that the Japanese have cut the railroad to Vladivostok.

The director of the telegraphs for the government informed the Associated Press today that there are two lines to Vladivostok, one direct, by the way of Kyabarovsk, Siberia, and the other via Harbin. The former is working and no interruption is reported on the latter.

### POLICE CHIEF GETS BOMB.

Warsaw, May 24.—The chief of police of Ziedler, the capital of the government of that name, was severely injured by the explosion of a bomb at midnight. He was sitting on the veranda of the club when an unknown man approached and hurled a bomb at him. Three other persons were also injured. The bomb thrower escaped.

### MORE DEADLY WORK.

Baku, Caucasasia, May 24.—The governor of Baku, prince of Nakchidaz, was assassinated at three o'clock this afternoon by a bomb which was thrown into his carriage. A lieutenant who was accompanying him and a bystander were also killed by the explosion and a coachman was fatally injured.

### LINES WORKING.

St. Petersburg, May 24.—This afternoon replies were received from Harbin saying that both railroad and telegraph lines to Vladivostok were working and that the Associated Press was authorized to deny the report that the route was isolated.

### Japanese Repulsed in Skirmish.

St. Petersburg, May 23.—General Linevitch, in a dispatch from the front, dated May 21, announces that a Russian detachment east of the railroad and which on May 18 approached the village of Shabotz and was attacked by a considerable force of Japanese from the coal mines south of that place, occupied Shabotz on May 19 and continued southward May 20. Prince Troubetskoy's detachment met the Japanese artillery fire May 17, near Changtufu station, but the Japanese were forced to evacuate their position and retire southward. Another Russian detachment on May 20 exchanged a rifle fire with a strong Japanese force occupying the village of Armano, about four miles west of Kinchuantso.

### DESERTING RELIGION.

Warsaw, May 23.—Since the promulgation of the emperor's ukase concerning the liberty of worship and abolishing religious disabilities of the

## THE GAS LEASE FIGHT Goes Into Court--Deposed Officials Reinstated

Philadelphia, Pa., May 24.—The gas lease fight was carried into the courts today, and in consequence the two directors appointed by Mayor Weaver last evening are out of office, and the directors who were dismissed have again taken up their duties.

Later in the day Mayor Weaver, accompanied by Judge James Gay Gordon, went to New York for consultation with Elihu Root, the mayor's special counsel. What the next move will be can not be foreshadowed. Leaders of the Republican organization announce that their lines remain unbroken, and that the gas lease will be passed over the mayor's veto next week, and that the gas lease will be passed.

The city employees felt much relieved as the day wore on to learn that the mayor had taken no further action with regard to the removal of the heads of other departments.

From assuming the duties of their respective offices and restraining the mayor and all other city employees from aiding in carrying out such intentions, Judge Ralston has fixed next Monday morning as the time for the defendants to show cause why the injunction should not be made permanent.

## DID SCHWAB FAIL? To Get More Than Small Part of Ship Contract

Berlin, May 24.—A new Russian loan extending over nine months only has been subscribed by Berlin banks headed by the Mendelssohn Company. It is of 200,000,000 rubles. The money will not leave Germany and will be used for vast shipbuilding orders placed by Russia in this country.

America was sounded nine months ago as to a Russian loan in connection with large ship orders, but the outlook was so discouraging Russia did not persist. It is believed here that Charles M. Schwab and Charles R. Flint got no business from Russia beyond a possible order for specially toughened steel or Harvey-tempered armor for ships built in Russian dockyards. On the other hand, large orders for ships are believed to have been given to France.

## CRISIS FAST APPROACHING

### In Chicago Desperate--Thousands of Men Join the Strikers--New York Facing Serious Trouble

Chicago, May 24.—There has been no improvement in the labor trouble since yesterday, but matters seem to have been further complicated and further from a settlement than ever.

Industrial war may be said to now be on and the probability of troops and martial law government for the city grows more apparent with every passing hour. The teamsters' strike which attracted but little attention when the trouble first started now promises to prove the cause of one of the bitterest struggles in the history of organized labor.

It seems that all hope for a peaceful settlement of the trouble has passed and it is stated that the mayor and sheriff have perfected arrangements to bring troops into the city at the first show of disturbance, following the newly developed situation.

### IN NEW YORK.

New York, May 24.—Between ten and twelve thousand men belonging to the Rockmen's and Excavators' union, have been locked out by the contractors protective association in this city. By tomorrow it is expected that the lockout will be extended to the rest of the 25,000 members of the union.

For several weeks the workmen have been threatening a strike for various concessions and the contractors finally decided to force matters by discharging the men.

### LUMBER BUSINESS PARALYZED.

Chicago, May 24.—The strike has made idle practically all the lumber yards in the city today. "Ninety-eight per cent of the lumber business in the city is now crippled," declared Secretary Hooper of the lumbermen's association. "It is only a matter of a short time when that per cent of the building operations in the city will cease."

Chicago, May 24.—Final rejection of the Union demands, especially those of the express drivers, was officially announced today by the employers who demand practically unconditional surrender.

Neither side in the strike made a direct step toward peace today, and each was apparently waiting the next move of its opponent. The employers sent their goods all over the city under police protection without encountering violence.

The strike in the lumber district spread with great rapidity, and all business of that kind is practically at a standstill. Mayor Dunne, in order to provide police protection in the lumber district, tonight issued a call for 1,000 extra policemen. This will be the second 1,000 extra policemen sworn in since the commencement of the strike. Sheriff Barrett today swore in several hundred deputies, the largest number at any one time since beginning of the trouble.

President Shea, of the teamsters' union, James D. Barry, business agent of the express drivers' union, and John H. Donohue, a member of the same union, will appear before Judge Kohlsaat in the United States District Court tomorrow morning. Attorney Mayor, acting for the employers' association, will ask that the men be sent to jail for contempt of court in refusing to answer questions before Master in Chancery Sherman, which questions they had previously been ordered to answer by the court.

United States deputy marshals today commenced serving notices on sixty teamsters who have been cited for contempt of court in violating injunctions of Judge Kohlsaat prohibiting them from interfering with the wagons of the seven express companies and of the Employers' Teaming company. The men are cited to show cause on May 31 at 10 o'clock why they should not be punished for contempt.

## IS MISTAKEN FOR BURGLAR THREE WEEKS OF LIFE

### PROMINENT INDIAN TERRITORY FARMER AND MILLER SHOT BY A WOMAN.

Douglas, Ariz., May 24.—(Special.)—McArthur, May 24.—J. M. Sprecht, a prominent farmer and miller and a member of the democratic committee of Vinton county, was shot late last night by Mrs. Emma Flynn. She claims that near midnight she noticed what she supposed to be a tramp looking through her window and that she fired through the glass and then barricaded herself in the house.

Sprecht's body was found early today on the lawn in front of her house.

## CHECK FOR SWINDLERS A MYSTERIOUS EXPLOSION

### GET-RICH-QUICK CONCERN, WITH ATTRACTIVE SCHEME, CANNOT HAVE ITS MAIL.

St. Paul, Minn., May 24.—United States District Attorney Haupt today received a copy of the oral opinion recently delivered by Judge Lochren in the United States district court at Minneapolis in the case of the Hathorn Mutual Commission company against Postmaster W. D. Hale, of Minneapolis, to restrain the postmaster from preventing the delivery of mail addressed to the company and from refusing to pay money orders drawn in its favor.

Judge Lochren dismissed the bill of the plaintiff on the ground that the company was engaged in fraudulent business. The company is classed by the district attorney's office as a "get-rich-quick" concern, and one which is doing a gigantic business over the United States.

The concern has been doing an enormous business, according to Mr. Haupt, and was fairly reaping a harvest of money until its mail was stopped. Mr. Haupt is of the opinion that it is still receiving mail through a "dummy."

The company has had fraud orders issued against it and has always reappeared under a new name. It was once known as the Revore Diamond company, but a fraud order stopped its business, and the Hathorn Mutual Commission company was the result. The scheme of the company was to issue certificates at \$80 which would be worth \$160 some time. The payments were to be made \$5 and \$1.25 per week until the full \$80 was paid. Of the weekly payments, 5 cents was to go into the redemption fund, 15 cents to the company's own use and the remaining part of the \$85 for the purpose of carrying on the business. As often as there might be \$160 in the redemption fund the lowest certificate holder would draw that amount.

### MINER KILLED WHILE CROSSING A VACANT LOT IN DENVER.

Douglas, Ariz., May 24.—(Special.)—Denver, May 24.—M. E. Willey, a miner and a nephew of J. J. Alley, of Cripple Creek, was blown to atoms while crossing a vacant lot in the vicinity of Colfax avenue and Emerson street today.

The explosion is a mystery, but is supposed to have been from nitroglycerine. Fragments of Willey's body were found a block away from where the explosion occurred and all the windows in the neighborhood were broken.

### ROBBED OF OVER \$100.

Cananea Man Touched for His Pocket-book in This City.

A miner named Cassidy, from Cananea, was found at an early hour yesterday morning lying against one of the iron pillars at the E. P. & S. W. depot in a stupor. When aroused he looked for his pocketbook without success. It had contained \$76 and a Wells-Fargo money order for \$35. Cassidy was about the Orient the night before with a man named Kennedy, who came here recently from Naco, and left with him and a couple of others. He has no recollection of how he got to the depot. As yet nothing definite has been learned by the police.

### Open Lowell Offices--The steadily growing importance of Lowell had another demonstration yesterday, when the firms of Pritchard, Hagen & Co., real estate and insurance, and Merritt & Powers, attorneys, opened branch offices in that suburb. The two Bisbee firms have taken office rooms in the new Fitzsimmons & Jennings building.
